

TINY Dialogue REINTRODUCING THE TINY DIALOGUE BOOKLET & APPROACH

In the Booklet you'll find two drawing sections. One asks you to pick an image of how you are feeling and shows drawings of multiple people in various moods, positions and poses.

TINY Dialogue Booklet?

"How do you define Artist-Activist-Educator?"

Is one of the questions you'll find in the TINY Dialogue Booklet, an art-tool / connection approach created to link artists and TINY businesses.

Each booklet contains a series of thought provoking questions designed as a starting point for conversation; Therefore creating a process that moves beyond an interview to forge stronger connections.

As we continue developing shared knowledge, building relationships and creating common histories of the communities on the ground here in Charleston and the Greater Area, would you like to do a booklet together?

TINYisPOWERFUL is an intergenerational, interracial, grassroots art in/with community collective that utilizes the spirit of the arts to build genuine relationships and foster collaboration between: artists, activists, educators, students and TINY Businesses.

For us collaboration means reciprocity, shared ownership and autonomy.
